## Electrical Services:

### Electrical Services Policies:

- The M Resort and its sub contractors are not responsible for any loss resulting in, or for, voltage fluctuation or power failure due to temporary conditions or loose connections.
- Surge and under over voltage protectors are encouraged. \* Dedicated, 24 hour Power will require additional charges. \*Anything over 120 volts will require additional labor and material.
- M Resort will not be responsible for any damage to any equipment hardware/ software or any person caused by installation, connection or plugging into any electrical receptacle by any individual. Only The M Resort Employees can make electrical connections or installations.
- All Electrical/signal/ control cords on a walkway MUST be gaffed to carpet using Stage Gaffers Tape. Guests are responsible for any damage to carpet.
- Prices are based on a 14 day advance notice. 50% increase for shorter notice. Exhibitors must provide a floor plan of required power requests.
- Prices include receptacle only. Power cord, strip outlet and labor to bring power to booth are additional.
