About Me

Mr. Matthew Jones currently serves as the Superintendent of Schools in the Jeannette City School District. Mr. Jones is going into his fifth year as the Superintendent but has served over 20 years with the school district in a variety of positions including teacher, Assistant Principal, Principal, Director of Education and Superintendent. Mr. Jones brings a unique perspective to the superintendent's chair as a former Volunteer Fire Assistant Fire Chief, EMT-B, Pennsylvania Fish and Boat Commission Swift Water/Ice Rescue Instructor Trainer and founding member and rescue technician with the PA Helicopter Aquatic Rescue Team (PA-HART). He has experienced a myriad of critical incidents from both the operations and command perspective. As an instructor trainer for the PA Fish and Boat Commission and PA-HART Mr. Jones has been afforded the opportunity to teach and share in a variety of settings including local fire and EMS stations to large metropolitan task forces in Pittsburgh, PA and Washington DC. During his tenure, the district has experienced unfounded bomb and shooting threats, weather emergencies, evacuations and a fatal after school shooting on school grounds. The ability to reference his emergency services experiences with the management of students and school personnel has given Mr. Jones a strong foundation to mitigate school district critical incidents.

About Me

Ms. Shelley Muto, a native of the Jeannette City School District, has worked in the district since 2006. Throughout her time in the district, she held multiple titles, including coach, teacher, assistant principal, principal, and is currently serving as the Director of Pupil Services.

As a building principal, she was responsible for the management of both non-emergency and emergency incidents occurring at the building level. In her current position as Director of Student Services she is a lead on the emergency operations team for the School District. In this role, Ms. Muto is responsible for primary district communications, facilitating student and staff therapeutic supports, and overseeing district nursing services.

The terrible events of last evening do no reflect the heart of our community, it's citizens and certainly not our beloved school district. These are some visual reminders of what makes our school district so special. #jayhawkpride

Serena Sarah Pape I am proud to say that I am a Jayhawk. Last night I saw so many people band together & make sure every band kid was accounted for, football kids were in the locker room & that everyone left safely. I saw a community coming together to leave the stadium the same way they came in. There was no child left uncomfortable & everyone was asking if we were okay.

Pearl Kolbosky Jayhawk Nation proud to be a part of it. Thank God for the safety of all our kids. Thankful for the fast acts of Administration to move everyone out of the stadium quickly and safely. The news keeps saying there was a stampede. But from how I exited there was no stampede. Just people moving quickly and checking on each other making sure they were all safe.

Dear JCSD Parent and Community,

The most important part of any school and community is the children, and today my heart aches for those children who experienced the events of Friday night. We can only take solace in the fact that all of our students are safe and were not involved in this horrific, senseless act of violence. The terrible events of Friday do not reflect the heart of our community, the citizen, and certainly not our school district.

We want to start by thanking all of the Jayhawk fans for their cooperation and courage throughout the incident and evacuation. As an administrative team we have already started to review our safety protocols and procedures implemented during the incident to ensure that all precautions taken were in the best interest of our community, students, and visitors. As we plan upcoming events, we will be collaborating with the Jeannette Police Department to assess and implement any additional measures or improvements needed to help prevent future incidents from occurring. Any changes will be announced in a timely manner in preparation for your attendance.

School Counselors and administrators will be available Monday and throughout the week for any students or staff who may need assistance. The School District is working in cooperation with local and county officials with their investigation. The District would like to thank the community for the support and encouragement. We will not let the actions of one define us all.

With pride and admiration,

Mr. Matthew Jones, Superintendent
Jeannette City School District
