

# Campus Safety CONFERENCE 2022

Dear <Insert Manager's Name>,

I am requesting approval to attend the **2022 Campus Safety Conference** taking place on <insert date> in <insert location>. Produced by *Campus Safety* magazine, the Campus Safety Conferences are two and a half day educational conferences that bring together security, public safety, emergency management, administration, facilities, business, and IT professionals responsible for protecting K-12 and higher education districts and campuses from across the country.

Here are some of the benefits of attending CSC:

### Valuable Content

CSC will have over twenty different sessions on popular topics, best practices, current trends, and personal learning experiences. They provide a variety of learning approaches, including educational sessions, hands-on training, intimate roundtable discussions, and interactive workshops.

### Networking Opportunities

I will have access to a variety of resources and have access to meet with 200+ like-minded professionals representing schools/campuses of all sizes from around the country.

### Resources

Throughout the event, I will have the opportunity to meet with 40+ technology and solution providers. This is a great opportunity to meet these individuals, understand their product/service, and see how they can help <insert school/campus>. This is beneficial because I get to be face-to-face with vendors versus doing months of research and spending hours on the phone or in meetings. This will also help me prioritize our campus safety needs when working on our budgets and grants.
