

PREPARE TO PREVENT IN 2023 AT CSC @ EDSPACES!

As a 2023 CSC Sponsor, you will be a part of the Campus Safety Pavilion.

The co-location of these two events opens the door to more resources for school and college administrators, campus security executives, law enforcement, and emergency management professionals, as well as delivering new insights to architects and distributors in the education design market. EDspaces and Campus Safety Conference will offer an expanded Campus Safety Pavilion and additional safety and security educational content.

The goal is to assist in addressing the rising issues facing today's schools and institutions of higher education, helping them prepare for, prevent, and mitigate security and safety incidents.

We have a variety of Sponsorship Opportunities available in 2023.

Talk with your account executive today to see what is a fit for you!
